**Don't Contribute to
Counterfeiters
KNOW YOUR MONEY!**

**Don't Be Fooled by
Forgers
KNOW YOUR ENDORSERS!**

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER. NOT ALL STRANGERS ARE COUNTERFEITERS. BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

INTRODUCTION

R. L. POLK & CO., INC., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1944 edition of the Hudson City Directory, which also includes Claverack, Stottville and the rural routes pivotal from the Hudson Post Office.

Confidence in the growth of Hudson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hudson to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hudson Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 7 to 18 presents lists of city, county, state and federal officials; post office and public school Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Hudson is included in pages 21 to 204. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hudson, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Claverack is contained in pages 281 to 289, and for Stottville, in pages 291 to 301.

THE BUYERS' GUIDE, beginning opposite page 204 and separately paged from 1 to 24, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Hudson and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hudson, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 205 to 239. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 241 to 277. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Three features are included in this section. They are the designation of tenant-owned homes, the designation of the population of each house, and the designation of homes and places of business having telephones as given to our enumerators.

THE NUMERICAL TELEPHONE DIRECTORY will be found in pages 305 to 312.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hudson and vicinity. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co., Inc. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO., INC.
Publishers.

HUDSON

(Courtesy Hudson Chamber of Commerce)

Statistical Review

Form of Government—Mayor and common council.

Population—11,517 (1940 U. S. Census). American-born, 80.8%

Predominating nationalities of foreign-born residents: Italian, Irish and Polish.

Area—2.43 square miles.

Altitude—150 feet above sea level, average.

Climate—Mean annual temperature, 46.2 degrees F.

Parks—4, with total of 8 acres.

Assessed Valuation—\$9,091,288 (1943-1944), with total city, county and school tax rate of \$48.028 per \$1,000.

Bonded Debt—\$315,000.

Financial Facts—2 national banks and 1 state company, with total deposits of \$11,193,056.09, and total resources of \$12,636,106.47 as of June 30, 1944. 1 savings bank, with deposits of \$11,859,871.44, and resources of \$14,927,807.78. 1 building and loan association, with assets of \$555,448.93 (June 30, 1944).

Telephones in Service—3,600.

Churches—19, representing leading denominations.

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. 21 manufacturing establishments, employing 1,226 men and 711 women. Principal manufactured products: Cement, leather hand bags, elevating and conveying machinery, knitted fabrics, power presses, matches, ginger ale, felt and insulating material, refrigerator cases, sweaters, ladies' dresses, tools, fly ribbons, paste-board boxes, glue, rayon cloth, plus canned goods, warp netting, industrial goggles, cold storage.

Trade area—Retail area has radius of 20 miles, and population of 42,000.

Newspapers—2 dailies.

Hotels—4, with ample accommodations.

Railroads—2: New York Central and Boston & Albany.

Amusements—Largest auditorium in city seats 2,000 persons. 3 moving-picture theatres, with total seating capacity of about 2,600 persons.

Hospitals—1, with 101 beds.

Education—6 public schools, including 1 senior high and 1 junior high. 1 Parochial school. Number of pupils in public schools, 1,837; teachers, 86.

Public Libraries—1, with more than 10,000 volumes.

City Statistics—Total street mileage, 19, with 13.2 miles paved. Miles of gas mains, 15. Number of light meters, 2,500; gas meters, 2,300. Capacity of water work (municipal), 4,000,000 gallons; daily average consumption, 1,750,000 gallons; miles of mains, 33. Fire department has 6 volunteer companies, with 5 stations and 7 pieces of motor equipment. Police department has 18 men, with 1 station and 2 pieces of motor equipment.

Historic Hudson

The third oldest city in the state, losing by one vote being the capital of New York state, Hudson was named after Henry Hudson who landed at this site on "de Halve-Maan" ("the Half Moon"), Sept. 16, 1609. One of the records in the log-book of the vessel is very quaint and simple—"The lands are pleasant with Grasse and Flowers, and goodly Trees as ever we have seene, and very sweet smells come from them." As the region has always abounded with sweet clover and September is the month of fragrance, we can easily understand why this portion of the river should have suggested to the navigators the name of Clover Reach or Klaver Rack, whence the Claverack of today. The settlers at Claverack and surrounding territory immediately established a river-landing, which later became Hudson, and the place was known then as Claverack Landing.

In 1783 a committee of merchants from New Bedford and Nantucket, after perusing the Hudson River for a favorable site, selected Claverack Landing to start a commercial settlement. Having completed their purchase, they proceeded to lay out streets, and two years later, on April 22, 1785, the City of Hudson was given its Charter by the State. Hudson celebrated its sesquicentennial in 1935 with a glorious week of impressive events. Hudson was the third city to be incorporated in the state, the first to be chartered after the signing of the Declaration of Independence, and thus was the first American city; it was the third port of entry; and, when on March 6, 1793, the Bank of Columbia was chartered, it contained the third bank established in the state.

Hudson then became the center of a vast commerce, with ship-building, from the beginning, a leading industry. Hudson was also famous as a whaling port. Among the early industries was the C. H. Evans Co., Evans' Ale, founded in 1786, and one of the first breweries in the country.

Population

The population of Hudson proper is 11,517 (1940 U. S. Census) that is, inside the old corporate lines, for just over the city lines are another approximate 5,000 persons, for a total population of over 17,000. Residing in the city are 1,808 foreign-born. As the county seat, Hudson is the center for all of Columbia County, population 41,396 (1940 Census).

Location

Hudson, New York, "In the State that has everything," in the picturesque foothills of the Berkshires, is situated at a strategic point, for residence and industry, on the east bank of the Hudson River, built upon a hill, Promenade Hill. It overlooks the Hudson River, with a beautiful view of this "Rhine of America," and the Catskill Mountains, only several miles away. It is 115 miles north of New York City; 42 miles from Poughkeepsie; 32 miles south of Albany; 38 miles west of Pittsfield, Mass.

Located as it is, Hudson enjoys temperate seasons, the annual mean temperature being 46.2 degrees. It is County Seat for Columbia County, recognized by writers and artists as one of the most beautiful counties in the United States.

Government

The form of government is mayor and common council. The city has one of the finest volunteer fire departments in the state, and an adequate police department. The total street mileage is 19 and almost all of the streets are paved. There are eight acres of well kept parks, with playgrounds and wading pool under capable supervision. The City

operates on a "pay as you go" basis and has reduced its bonded indebtedness to the low figure of \$315,000. Tax rate: City \$30.561; county \$17.467 (1943-44). Property valuation: \$9,091,288, with combined city, county and school tax rate of \$48.028 per \$1,000.

Industries

Located at one of the finest spots in the Hudson River valley, Hudson's industrial development has gone forward in many and varied lines. It is in the heart of a great agricultural county, and lower living costs—in fact, in one of the finest agricultural and fruit sections of the Empire State—not to mention the number of other diversified industries within the county. In Hudson there are 21 manufacturing plants, many nationally-known, employing about 1,226 men and 711 women, as of Aug 1, 1944—engaged in producing cement in two of the largest plants in the world, elevating and conveying machinery, tools, power presses, refrigerator cases, wool and knit goods famous in the country at large, silk cloth, an international brand of ginger ale, matches, insulation, felt, auto parts, rugs, sweaters, dresses, hand bags, potato chips, boxes, glue, strip fly paper, and canned goods, warp netting, industrial goggles, cold storage. The combined payroll is approximately \$330,000 per month.

The Chamber of Commerce, sixteen years ago, developed the Industrial Tract, and located several of Hudson's important industries thereon. There is still available 74 acres, equipped with railroad siding. Other sites are available, as well as several large lofts, which are ideal for manufacturing purposes.

Business

The shopping district is about three-quarters of a mile long, with a retail trading area comprising all of Columbia County, with a population of 41,396 (1940 Census), extending north, 15 miles; south, 13 miles; east, 21 miles; and west, 1 mile.

The stores along the main stem are progressive and up-to-date. The Bureau of Foreign and Domestic Commerce issued a report that Hudson, in 1939, had retail sales amounting to \$6,731,000 (320 retail stores). Two hundred sixty-eight persons per 1,000 Columbia County residents have passenger-car registrations.

According to an investigation sponsored by the Social Science Research Council, Hudson is in the so-called "Blue" class, or next to "Purple," which is the highest standard of living. Hudson is, therefore, above "Green," the national average—then come lower living standards, "Yellow," "Orange" and "Red."

Telephone installations number 3,600.

Transportation

Hudson is fortunate in being served by many transportation companies, including the main line of the New York Central Railroad, and the Boston & Albany Railroad; buses—the Hendrick Hudson Bus Line provides local bus service; taxi rates are reasonable; then there is the United Transportation Co. to Albany and Philmont Transportation Co.; water—the Hudson River Day Line.

The Hudson-Athens Ferry provides a direct route between the Berkshires and the Catskill Mountains. The famous Rip Van Winkle Bridge, between Hudson and Catskill, one mile long, connects the tourist traffic of the nation to and from the Catskills, Berkshires, Saratoga, Lake George and the Adirondacks, with New York City and centers of all New England.

Hudson is located on the main highway, Route No. 9, from New York to Albany, with first-class roads branching out in all directions, making possible daily delivery by trucks to near and distant important markets.

Banks

Three commercial and one savings, with total deposits (June 30, 1944), \$23,088,915.15, and total resources of \$27,563,914.22. Also a savings and loan association, with assets of \$555,448.93 (June 30, 1944).

Newspapers

Two daily newspapers, the "Hudson Daily Star" and the "Hudson Evening Register," with roots going deep in to the past, have wide circulation.

Churches

Nineteen churches, of leading denominations, minister to the spiritual needs.

Education

The early days emphasized schools and educational values, and the modern Hudson has led out with no uncertain step so that today it ranks among the highest in the state in scholarship, with six public schools, including one senior high and one junior high. There is also one parochial school. There are 1,837 pupils and 86 teachers in the public schools. There is also a private business school.

Health

Columbia County is proud to have one of six County Health Departments in the State of New York. This department took first place both in 1936 and 1937 for the entire Northeastern Division in the Inter Chamber of Commerce Rural Health Conservation Contest. For the past eleven years it has had the highest percentage in New York State of children under five immunized against diphtheria. It is reputed to have the most thorough and efficient protection of milk consumed by County residents of any County in the State.

Hospital

A first-class institution, with 101 beds. Plans are now under way for a memorial hospital, replacing the present one and greatly increasing the medical facilities.

Organizations

This is a City in which practically every civic and fraternal organization is represented. In fact there are over a hundred of these organizations active in Hudson. The Masonic body, Hudson Lodge No. 7, celebrated its 150th anniversary in 1937. Among the most active of these groups are the Junior Service League, Red Cross, Boys' Club, Chamber of Commerce, Junior Chamber of Commerce, Rotary, Lions, Y. W. C. A., Salvation Army, Boy and Girl Scouts, Elks Club, Masonic bodies, Business and Professional Women's League, American Legion, V. F. W.

Institutions

The New York State Volunteer Firemen's Home, the larger of only two such homes in the world; the New York State Training School for Girls, a progressive and educational institution that is a model throughout the world; a Home for the Aged, and an Orphan Asylum provide homes under able management.

Library

The D. A. R., with over ten thousand volumes.

Recreation

The Chancellor Livingston High School and Athletic Field, completed in 1937 is in an area that is a complete "civic center"—a "civic center" that cities of the largest class might well be proud of—including a baseball diamond, football and soccer field, a quarter-mile running track, five tennis courts, ample playgrounds for smaller children, park areas with drives, walks, etc.

There are 3 modern theatres, seating about 2,600 persons, 2 of which were constructed during 1938.

Inns and hotels provide dancing, while nearby are riding academies, and lakes and parks for swimming, fishing, and boating—country clubs for golf and tennis—hunting, ponds for skating, and ski trails go to make Hudson and its surroundings the sportsmen's haven and the vacationists' paradise.

A lecture series, and a music series, with notable speakers and artists, and the Hendrick Hudson Glee Club, which meets in Hudson, contribute to the cultural activities within the city.

Hudson in the War

From its population of 11,500, Hudson has already sent over 1,500 men and women into the armed forces to every corner of the world. As of September 1944, 19 of these have met their death on the various fronts, and throughout the world many have achieved honor and distinction for their courage in battle.

Points of Interest

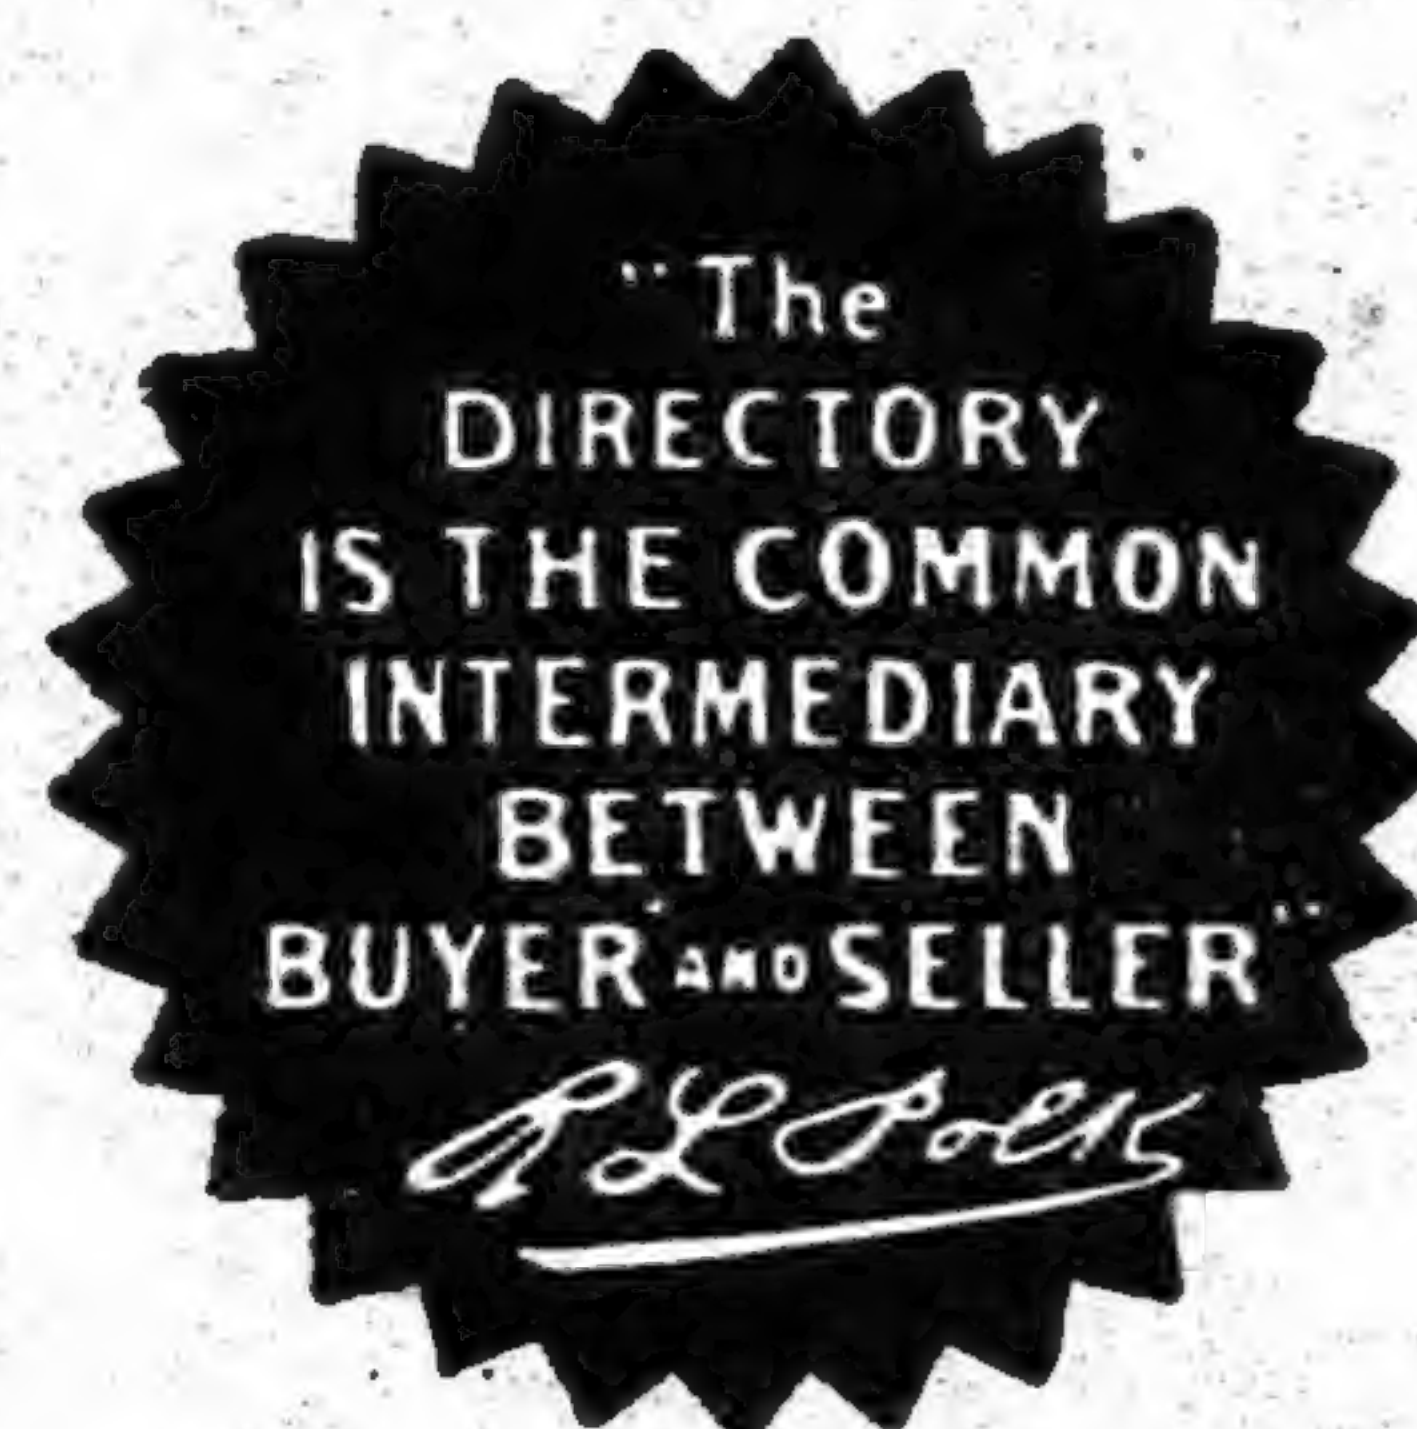

Historical markers show the site of the first City Hall, built in 1786—the Presbyterian Church since 1835; "Parade Hill," now Promenade Hill, land granted in 1795 by the Proprietors of Hudson to the Common Council for a public walk or mall; Central Square, building erected there as a gaol or jail, in 1805, subsequently the City Hall, and in 1862 purchased as a newspaper office, the site of the "Hudson Evening Register"; home of Maj. Gen. Worth, now occupied by a private family—here Maj. Gen. Wm. Jenkins Worth was born, in 1794, a famous son of Hudson, distinguishing himself in the War of 1812 and in the Mexican War; Franklin Square, now a park, was the site of the first two dwellings erected in what is now Hudson, in 1783.

Short trips from Hudson to the truly romantic County of Columbia, which celebrated its 150th anniversary in 1936, and one will find a country unparalleled for scenery, with prosperous villages and towns, rich in orchards and farming, and rich historically. In Kinderhook one may see "Lindenwald," the home of Martin Van Buren, the eighth President of the United States; the Van Alen home, built in 1736, where lived Katrina Van Tassel, of the legend of Sleepy Hollow; and the House of History, built prior to 1825, formerly the Burt home, now owned by the Columbia County Historical Society. In Claverack is the old court house where Aaron Burr and Alexander Hamilton tried cases. Near Cheviot is "Clermont," Livingston Manor, built in 1730 by Robert Livingston, son of the first Lord of Livingston Manor; it is the birthplace of Chancellor Robert R. Livingston and the scene of important Colonial events.

Here lived, to mention a few: The aforementioned Chancellor Robert R. Livingston, a drafter of the Declaration of Independence; Benjamin Butler, of Stuyvesant, Attorney-General of the United States and Secretary of the Treasury; Nathaniel P. Talmadge, of Chatham, United States Senator and Governor of Wisconsin; Samuel J. Tilden, of Lebanon, Governor of New York; Martin H. Glynn, of Valatie, Governor

of New York; Amos Eaton, of Chatham, famed zoologist and first President of R. P. I., Troy; Frederick B. Power, of Hudson, world-renowned chemist.

One of the county's best-known men today is Thomas W. Lamont, of J. P. Morgan & Co., who was born in Claverack. Edna St. Vincent Millay has adopted the county as her home and lives at Austerlitz. Up to a few years ago, John Cowper Powys, the English essayist, poet and novelist, lived at Harlemville for over 20 years; and today at Harlemville lives Arthur Davison Ficke, also a poet, and former Harvard professor.

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs

*Better
Borrowing*

WHEN IT'S GOOD
BUSINESS TO BORROW —

- Personal Loans
- Automobile Loans
- Mortgage Loans
- Home Improvement Loans
- Life Insurance Loans
- Business Loans
- Collateral Loans
- Passbook Loans
- Farm Loans

We do not suggest nor encourage borrowing without a sound purpose, or borrowing more than you can reasonably expect to repay. However, there are times when you want cash for current use which you can repay later—from income or self-liquidating sources. At such times it is often wise and economical to borrow. At such times —

IT'S GOOD BUSINESS

OUT OF SIGHT!

OUT OF MIND!

OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

*Polk's
Bankers
Encyclopedia*

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

\$15.00 per copy; \$20.00 in Canada
and foreign countries.

Information

In the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all its costs.

POLK'S HUDSON

Directory of Householders, Occupants of Office
 Buildings and Other Business Places, Including
 a Complete Street and Avenue Guide

1944

Copyright, 1945, by R. L. Polk & Co., Inc.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living at that number.

The symbol Δ preceding the name denotes that there is a telephone at that address.

Places of Business are indicated by bold face numbers and business being given.

City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

EVERYTHING IN HARDWARE
ROGERSON'S
 615 WARREN ST. PHONE 121

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
